Henrik Godsk

B. 1975 • Denmark

Danish artist Henrik Godsk creates figurative works that depict structured interiors and androgynous characters aesthetically simplified by the use of geometric forms. Influenced by Scandinavian simplicity and Danish design, Godsk's paintings adhere to a self-imposed set of rules dictating the use of reduced forms, shapes and colours.

Working primarily in oil on canvas, Godsk's images are reminiscent of Russian avant-garde paintings and evoke the radiance and sensuality of Paul Klee's colour schemes.

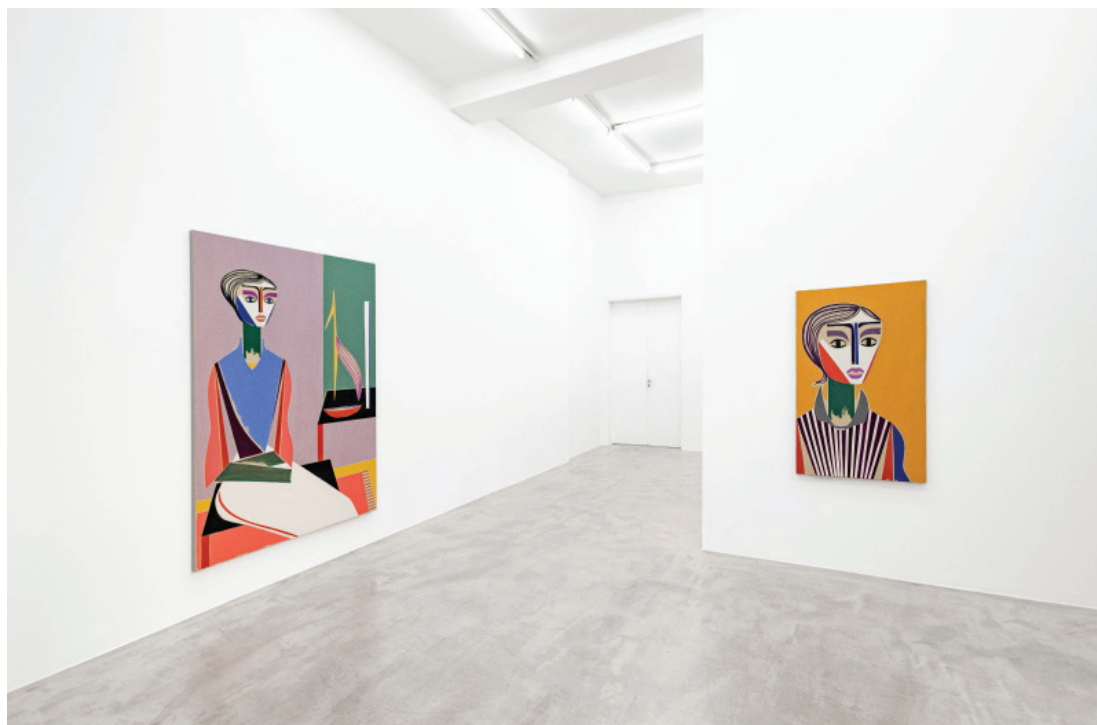

Henrik Godsk, *Green Window*, 2022, oil on canvas, 160 x 120 cm

Godsk's work is informed by formalism, art history and folkloric art and culture.

Godsk's work has been exhibited across the US and Europe in private galleries, art fairs, museums and institutions. His work has been acquired by prominent public & private collections.
